## WIDESPREAD DAMAGE INFLICTED ON HORNUM BASE IS REVEALED: DIRECT HITS ON HANGARS: LITTLE OPPOSITION FROM NAZI FIGHTERS

### Fresh Raid On Sylt

COPENHAGEN, Mar. 20 (Reuter)—It is reported from Rome, a Danish island just north of Sylt, that a fresh attack on Sylt was started at 8.45 a.m.

The objective of the latest R.A.F. attack appeared to be Hornum, at the southern end of Sylt.

A London report says it is understood that R.A.F. planes again flew over Sylt this morning, presumably for the purpose of photographing the island after the attack by British aircraft last night.

More aeroplanes were employed in the Hornum raid than in any previous R.A.F. engagement against enemy objectives.

### Intense Anti-Aircraft Fire In Traget Area

LONDON, Mar. 20 (Reuter)—Fuller reports of the widespread damage inflicted on the Hornum Base continued to be received as the aircraft engaged in the raid returned safely to England in the early hours of this morning.

DIRECT HITS ON THE HANGARS HOUSING THE SEAPLANES WHICH HAVE RAIDED THE BRITISH COAST WERE CLAIMED BY THE CREWS OF SEVERAL AIRCRAFT. RAILWAY LINES AND A BARRACK BLOCK WERE REPORTED TO HAVE BEEN HIT.

One bomber crew saw a line of four or five bombs, dropped by the aircraft ahead of them, burst just inland of a jetty and another crew reported that two hangars were burning fiercely. There was an explosion of a number of bombs near a seaplane slipway.

Though the weather was fine and visibility good, little opposition was encountered from enemy fighters. Ground defences, however, were continuously alive with anti-aircraft batteries and many parts of the island sent up a heavy barrage of fire and shells exploded in multi-coloured bursts of flame.

Round the seaplane base itself, a semi-circle of searchlights came into action as the British aircraft approached.

In the earlier phase of the attack the dropping of bombs was followed by intense anti-aircraft fire from batteries within the target area.

The last British raiders to leave the scene of the attack landed in England at 5.30 a.m. (G.M.T.).

### STRONG FORCE

It is learned in London that the raid on Hornum was carried out by a strong force of bombers which attacked singly in relays and maintained almost continuous assaults on the seaplane base from soon after dusk until the early hours of this morning.

A vast quantity of bombs were dropped and early reports indicate that extensive damage was done to hangars, workshops and slipways.

The first aircraft to reach the island was able to identify the target with the aid of the bright

## Resolution For Complete Independence For India

RAMGARH, Mar. 20 (Reuter)—The National Congress passed by an overwhelming majority the main resolution, moved by Mr. Jawaharlal Nehru, reiterating the demand for "complete" independence for India.

Before the vote, Mr. Gandhi repeated that he was not prepared to take the responsibility for starting civil disobedience until his conditions are satisfied. If the Congress did not like his methods, it was open to them to get another leader.

The Congress was the shortest for many years. The delegates and visitors had spent a miserable night bivouacked in slush and assembled in the rain in an open space with no other protection than their soaked shirts and dhoties.

## BRITISH AID TO SPANISH RECONSTRUCTION

Satisfaction is expressed in authoritative London circles at the successful conclusion of the Anglo-Spanish loan agreements which are felt to represent a return to normal trading conditions between the two countries and to demonstrate Spain's growing economic stability and British willingness, even in wartime, to give all possible assistance to Spanish reconstruction.—(BWS).

## Information On Welles' Visit

LONDON, Mar. 20 (Reuter)—Asked in the House of Commons whether any arrangement has been made with the Government of the United States to secure information for the British Government concerning the significance of the recent visit of Mr. Sumner Welles, Mr. R. A. Butler said that they were content to rely on the courtesy of the United States Government for any information they might wish to give to Britain arising out of "this important visit."

## WELLES SAILS FROM GENOA

ROME, Mar. 20 (Reuter)—Mr. Sumner Welles sailed from Genoa today without seeing Signor Mussolini since Il Duce's return from his meeting with Herr Hitler at Brenner Pass.

## GERMANY AND LEAGUE

LONDON, Mar. 20 (Reuter)—Questioned in the House of Commons, whether the Government would bring the German aggression against Poland before the League of Nations with a view of invoking sanctions in Article 17, Mr. R. A. Butler, Under-Secretary for Foreign Affairs, said that the Government do not consider it opportune, at this stage, to refer the matter to the League.

## FRENCH AMBUSH

PARIS, Mar. 20 (Reuter)—Patrol engagements have been the only noteworthy incidents on the Western Front during the past 24 hours.

In the Saar sector, a German reconnaissance party fell into a French ambush. An official communiqué states that it was a calm night. West of the Vosges our outposts repelled enemy patrols.

## CONFIDENCE IN FRENCH GOVT.

### CHAMBER VOTES BY 239 TO 1.

PARIS, Mar. 20 (Reuter)—The vote of confidence in the Government was carried in the Chamber by 239 votes to 1. A large number of members abstained from voting. ## JAPANESE ISOLATED NEAR KWANGSI BORDER: ADVANCE BY THREE UNITS CHECKED

PIYANG, Mar. 19 (Central)—Japanese troops invading Lingshan, 60 miles north-east of Yanchow, in West Kwangtung, near the Kwangsi border, are isolated and surrounded by the Chinese in the outlying districts.

A large unit of Japanese troops is reported to be encircled in the hilly region at Lukoshan, between Lingshan and Lukwo. A second unit broke through the Chinese cordon and pushed northward toward Henghsien, across the Kwangtung border, and were pursued by the Chinese. A third unit has been driven by the Chinese to Fatszenau to the east of Lingshan, where it is surrounded.

On the Nanning-Pinyang highway the Chinese are tightening their grip on Tatang. In a counter-attack at Nachih, a neighbouring village, on Mar. 16, the Japanese sustained many casualties.

### NEW ATTACK

HINGNING, Mar. 20 (Central)—Japanese troops from Swatow and Ampow commenced a fresh attack at Tenghsien, 12 miles north-east of Swatow, on Mar. 18. A fierce engagement took place amidst a heavy downpour. Fighting continued at Tungwushung in the outskirts.

### INCREASED ACTIVITY

KWELIN, Mar. 20 (Central)—Increased Japanese activity has been witnessed on Hainan Island.

## War Minister Replies To Foreign Press Criticism Of Britain's Lack Of Enterprise Over Finland

Speaking on national defence in public interest, at a luncheon in London yesterday, Mr. Oliver Stanley, Secretary of State for War, referred to foreign press criticism of the British Government for its timidity and lack of enterprise over Finland, says Reuter.

"Why is that?" he asked. "Because we were tender-hearted and sparing of the rights of neutrals. That is a very dangerous lesson for the neutrals to start teaching us. It may be a lesson we shall be only too willing to learn. We have learned that it is the person who ignores the rights of neutrals who gets the advantage. We now learn that it is the person who ignores the rights of neutrals who also gets their admiration. It is a lesson which may find willing and apt pupils in this country."

The War Minister said that the Nazis' challenge was not only to France themselves, but to any country sharing Britain's way of life and standard of thought.

"THEY ARE IN IT" There are millions of individuals all over the world thinking 'how are we going to keep out of it?'

Mr. Oliver Stanley, Secretary for War.

They are in it. They may not be taking any active part, or may even be timid, or selfishness, but giving help to the other side, but don't let any of them think they can remain indifferent to the result of the struggle which has started. An ocean may be a good barrier to an aircraft. It is no obstacle to an idea.

Mr. Stanley said that the Nazi's challenge was not fundamental that he could see no issue from this struggle by way of compromise.

### ONE GUARANTEE

"There is only one guarantee we can have and that is that Germany should learn that their standard of gangster rule cannot pay, does not pay and never will pay," he declared.

Referring to foreign criticism that this was a "phony" war, Mr. Stanley said that was the language culled from the ringside where people after a good dinner watched other people hit each other and, without danger to themselves, urged them on to more hitting.

To the criticisms that more energy and initiative were needed, Mr. Stanley replied, "It is true that half of the military history battles were lost through lack of enterprise but the other half were lost through lack of patience."

# MANY POSTPONED FIXTURES STILL TO BE DECIDED IN H.K. SOFTBALL LEAGUE

## Trial For International Series Tomorrow

BY R.O.Y.

With numerous postponed fixtures still to be decided, League Softball made little progress last Sunday, when the Recreation Aces were given a walk-over by the International Athletics and two other matches were actually played.

The Hongkong Baseballers clawed their way back into the First Division, when they registered a 16-14 victory over the Trojans in a seven-a-side fracas.

### EARLY SCORING

The Baseballers started scoring early on and, with a seven run rally in the first half of the sixth, led 13-1 at that stage of the game.

The Trojans came to bat in their half of the same frame, and with Doc Molthen having difficulty in finding the plate, managed to find the gaps, left by two absent fielders, for five singles which, aided by three free passes and five opposition errors, scored thirteen tallies to put them one marker in front.

Bingles by Molthen, Osmund, Bill Clague and McKeehan regained a two run lead for the winners who, holding the losers scoreless in the last, ran out with that margin.

### EXCELLENT HURLING

Apart from that one bad spell in the sixth, Doc Molthen hurled excellent ball and the score-book shows that the Trojans went hitless for six of the seven innings.

Almeida was quite steady on the mound, for the Trojans, but his medium paced deliveries were right up the Baseballers' alley, as their fifteen safeties testify.

### FILIPINO'S WIN

In the other match, the Filipino boys downed Liga Portuguesa, by 11 tallies to 7, after leading from the very first frame on.

The result of the clash was a triumph for youngster Ben Ide-son, son of the league president, who, making his first appearance in any official match, ably filled the shoes of Hurier Dave Amper and pitched his squad to an excellent victory.

## COLONY TENNIS RESUMED

### EASY WIN FOR S. A. RUMJAHN

Further progress was made in the Colony Tennis Championships yesterday when, after a lapse of some days, during which play was impossible owing to weather conditions, several matches were played.

Both the Open Singles games were one-sided affairs. S. A. Rumjahn easily defeated S. A. Gray 6-0, 6-3. In addition to being outplayed in almost every department, Gray made things worse for himself by many double faults. He appeared to be in very poor form.

Tsui Yan-pui had no difficulty in defeating J. L. C. Pearce 6-4, 6-0. Pearce started well but soon weakened under Tsui's skilful placing and hard driving.

### OPEN DOUBLES

In the Open Doubles Paul Kong and B. Sato gave J. Gonsalves and A. V. Remedios a "walk over". Following are the results of the other games: —

### CLUB SINGLES

B. C. Fay beat A. Lade 6-2, 8-6. D. M. Macdougall beat Capt. C. H. R. Hyde 6-3, 3-6, 10-8.

### HANDICAP SINGLES

W. M. Barton (-3/6) and M. Fagh (-30/3) had each won a set in a well-contested match when play had to be stopped owing to rain.

## RECONSTRUCTION OF GOVERNMENT AT EASTER?—LACK OF DRIVE IN CONDUCT OF WAR POLICY ALLEGED: OVERHAULING OF CABINET

LONDON, Mar. 20 (Reuter).—For many weeks the idea that there might be some reconstruction of the Government at Easter has been canvassed, states Reuter's lobby correspondent.

The main reasons advanced by prophets were three:

FIRSTLY, the War Cabinet is too large;

SECONDLY, the personnel needs overhauling;

THIRDLY, there is, in general, a lack of drive in the Government's war policy.

Thus, yesterday's big speech by the Prime Minister in the House of Commons was awaited with special interest, as likely to show the temper of the House towards the Government, in particular, and the direction of the war in general.

The Prime Minister had a very patient hearing.

### OPPOSITION UNDERSTANDING

The chief Opposition speeches, which followed, showed an understanding of the Government difficulties and even Mr. Rore Bellish's close adherents would be unlikely to deny that his speech stirred no dissentient chord in any other quarter.

Indeed, he was heard in almost total silence, until the point at which he said that Czechoslovakia's cause was a righteous one—whereupon there were loud and ironical Opposition cries of "You were in the Government!"

### PREMIER'S SPEECH

Whatever changes in personnel the Prime Minister might have in mind for the Easter recess—and well-informed quarters continue to discount any such intention—they will not be the result of yesterday's debate.

The first impression gained from the reception of the Prime Minister's speech is that the House feels he made out a good case as regards Finland and that, if there is to be any further discussion on the war capacity of the Government, it must await another secret sitting. Labour is inclined to ask for one after Easter.

One of the outstanding features of the comments heard is the universal regard for Finland and the understanding of the difficulties of the northern countries.

## HUGE AVIATION MERGER IN U.S.

Curtiss - Wright & Atlas Amalgamate

NEW YORK, Mar. 20 (Reuter).—One of the biggest aviation financing operations in history was revealed when the Curtiss-Wright Corporation and the Atlas Corporation announced their intention to merge.

### CAPITAL INCREASED

The amalgamation will increase the Curtiss-Wright's capital by \$36,500,000, representing new liquid capital, supplied by Atlas, and making the Company's capital \$165,000,000.

### NOT A SECRET

WASHINGTON, Mar. 20 (Reuter).—America's production of aeroplane parts and engines was tripled in the past year, President Roosevelt told a press conference, in the course of a discussion on the controversy over the release of planes of recent design to foreign powers.

President Roosevelt said there was no question of giving away military secrets as the designs of the planes were not secret, but "only the devices on them."

## Camouflage Artist's Death

LONDON, Mar. 20 (Reuter).—The death is announced of Mr. Aubrey Hammond, the well-known artist, stage designer and a pioneer of camouflage.

## UNEASINESS IN BALKANS OVER NAZI INTENTIONS

### TWO IMPORTANT VISITORS TO ROME

PARIS, Mar. 20 (Havas).—Deep interest is shown by political circles here in connexion with M. Teleki's (Hungarian Prime Minister) trip to Rome.

It is pointed out that M. Teleki is leaving for Rome "a few days after the Hitler-Mussolini conversations and a few days before the Rumanian Foreign Minister, M. Gafencu's visit to Rome."

### DIVERGENT VIEWS

The Balkan problems were certainly discussed at Brenner, but it is not known if Signor Mussolini and Herr Hitler succeeded in conciliating the divergent Italian and German views.

While Germany aims principally at obtaining Rumanian materials and is ready to secure them either by pressure or force or acts of friendship, Italy has always supported the Hungarian claims, which include the return to Hungary of a substantial part of the present Rumanian territory.

### PRESENT ISSUE

Apparently, M. Teleki is investigating in Rome what political conditions were placed on his country in the recent Brenner talks.

The present issue at stake is of paramount importance to Hungary, as Signor Mussolini's agreement to Herr Hitler's views would create an extremely delicate situation for Budapest.

In the case of German aggression against Rumania, Hungary is bound to serve as territory for the passage of German troops, while a German rapprochement with Rumania would probably provide for a German guarantee for the Rumanian frontiers, thereby blocking, for an indefinite time, the Hungarian territorial claims.

The Social Affairs Department of the Central Kuomintang Headquarters has appropriated \$100,000 as subsidies and pecuniary rewards for Chinese writers and artists. Since the outbreak of the war, many Chinese writers and artists have earned barely enough for subsistence as a result of the soaring standard of living in contrast to the meagreness of remunerations for their works.

# MAJESTIC THEATRE TRIAL AT SESSIONS

## Accused Of Uttering Forged Tickets

THE TRIAL OF CHUI SUI-PO, head shroff and booking clerk of the Majestic Theatre, Kowloon, who is charged on eight counts of uttering forged documents, will be resumed before Sir Atholl MacGregor, the Chief Justice, at the Criminal Sessions at 10 a.m. today.

The case is a sequel to the discovery by Mr. C. Goldin, manager of the Theatre, of eight forged counterfoils among the tickets sold for the 7.20 p.m. performance on February 13.

The defendant gave evidence in the afternoon.

Questioned by his counsel, Mr. Leo D'Almada e Castro, Jnr., Chui said that it is quite possible, after tickets had been sold from a genuine book, for a forged counterfoil to be slipped in on top of the genuine tickets.

Under cross-examination by Mr. E. Williams, Crown Counsel, the defendant stated that there were occasions when he did not check his receipts.

Mr. D'Almada submitted that there was no case against his client in respect of the ticket alleged to have been uttered on Dec. 19 when Sgt. Fraser, acting on instructions, went to the Theatre and booked two dress circle tickets.

His Lordship agreed with Mr. D'Almada but refused to hold the submission that there was no evidence that his client knew the tickets were forged.

**EMPLOYED SIX YEARS**  
Chui had been employed by the Theatre for the past six years. He was in charge of the first-class booking office and it was his duty to look after the cash.

Mr. Williams described how Sgt. Fraser went to the Theatre on December 19 and bought two tickets for the 9.30 p.m. performance. The tickets were issued to him by Chui, and Sgt. Fraser found that one of them was different from the

other. Another thing he discovered was that the numbers were not consecutive.

On February 13, after the 7.20 performance had started, Mr. Goldin made a check of the counterfoils which were then in the hands of an usher. He found that eight of them were forgeries. The police were informed and Chui was arrested.

The cash book kept by Chui was examined and it was found that tickets bearing the same numbers as those on the forged ones had already been sold the previous day.

**RESEMBLED R.**

Wong Chi-wah, of the 'Albert Printing Press, said his company had been printing tickets for the Theatre for the past ten years. A difference in one of the forged tickets was that the character C in the word Majestic was without the bottom hook and resembled an R. Cross-examined, witness agreed that the colour and texture of the genuine tickets were sometimes different, and that there was sufficient to puzzle even him.

Mr. Goldin testified that there were three booking offices in the Theatre.

**SOLD BY USHER**  
Questioned by Mr. D'Almada, Mr. Goldin agreed that occasionally one of the ushers sold the tickets. Frequently the booking office was opened an hour or so before the arrival of Chui and during that period tickets could be sold by the second shroff or one of the ushers who had authority to do so.

The eight forged tickets could have been sold on the day previous and by someone else, not necessarily Chui. It was quite possible to make an error in the marking of the booking plan.

The jury comprises the following: Messrs. L. B. Warren (Foreman), Wong Kwok-king, Wong Man-Kit, B. Agafuroff, J. B. Tam, Wong Kim-wah and Fung Ping-fan.

## PRISONER HANGED AT STANLEY

### SAIKUNG CASE RECALLED

LAU TIN-YEUNG, who was sentenced to death at the Criminal Sessions on Feb. 15 for the murder of an aged Chinese woman at Ap Man Liu Village, Salkung district, was hanged in Hongkong Prison, Stanley, at dawn yesterday in the presence of Prison officials and the medical officer.

It will be recalled that Lau Tin-yeung was charged with Lau Tau before the Chief Justice, Sir Atholl MacGregor, at the Supreme Court on February 13, 14 and 15. Lau Tau, who was defended by Mr. D. J. N. Anderson, instructed by Mr. J. M. Hall, was found Not Guilty and acquitted. Lau Tin-yeung was defended by Mr. Ingilis Hosang, instructed by Mr. A. el Arcuill.

The jury comprised Messrs. D. Buchanan (Foreman), Lo Tai-yau, E. W. Sharp, L. C. Baker, A. E. Gutierrez, Ho Shiu-que and C. P. Grant.

Lau Tin-yeung is the first man to pay the supreme penalty at Stanley Prison this year. His was the second murder trial since Jan. 1, 1940.

An inquest was held at the Central Court yesterday afternoon with Mr. T. J. Houston sitting as Coroner.

## CHINESE P.C. DETAINED ON JAPANESE SHIP

The alleged abduction and imprisonment of a Hongkong police constable aboard a Japanese ship, the Shirogami Maru, in Hongkong harbour led to a police raid on the O. S. K. wharf on Monday it was officially revealed yesterday morning.

The constable C. 41, of the Cantonese contingent, attached to Yau-mat, Police Station, was arrested by the Japanese in Hongkong harbour and detained on board for 24 hours by the ship's Japanese military guard.

He had been on special leave to Canton to get married, and was returning with his wife and mother. News of his detention on the Shirogami Maru was first revealed to the Police here by his mother.

**RELEASE REFUSED**  
A European police officer was sent to the ship but release of the constable was refused, and the Japanese Consul, Mr. T. Oda, was unable to obtain the detained man's release when his assistance was requested by the authorities.

At 11 p.m. the police sent a squad of men to the wharf to prevent the ship from leaving. The ship, due to leave for Canton at 8 a.m. did not sail till 5 p.m. after the captain had finally handed the detained constable over to the authorities.

It is alleged that the constable's detention was effected by the Japanese military guard on board, who "arrested" him for having searched about among the belongings of other passengers for a suit case he had lost.

## Witness To Be Called For Defence

### BANKNOTES TRIAL ADJOURNED

In order to give the two defendants time in which to summon a witness whose evidence might dispose of the charge against them, Mr. Justice R. E. Lindsell, at the Criminal Sessions yesterday, adjourned hearing, till Tuesday, Mar. 23, of the case in which Cheung Cheuk, 30, and her husband Chui Wai, 31, face counterfeited bank note charges.

The woman was arrested when she allegedly attempted to pass a second forged \$5 banknote, in a shop in Graham Street, after having previously succeeded in handing one to the shop and receiving \$4.70 change, for the purchase of 30 cents worth of sausages.

She was charged on two counts of uttering \$5 forged banknotes and the man with possession of forged banknotes, one the Hongkong and Shanghai Banking Corporation and one for the same amount on the Central Bank of China.

Both accused pleaded not guilty.

Mr. J. P. Murphy, Assistant Crown Solicitor, prosecuted, and the jury comprised Messrs. M. F. Key (Foreman), A. C. Xavier, Kwan Mok-chung, S. M. Isack, J. G. Marshall, E. Manning and B. Naess.

### LONG STATEMENT

The Court sat till nearly 6 p.m. when, second defendant, making a long statement from the dock, said that he met a friend, named Shek Chui, in Macao. He (defendant) was without money and he asked Shek for a loan. The latter gave him \$5 notes and some Chinese currency. He came to Hongkong with his wife and they took a room in a boarding house. He did not know till his wife was arrested that the notes were forged. As he had received the money from an old friend, whom he trusted, he did not suspect that they were not genuine.

So Ching, assistant comrade on the ship on which the couple travelled from Macao to Hongkong, testified to having received a letter, written to him by an old friend of his, asking him to take special care of the couple on the voyage.

The hearing was adjourned to enable the police to summon the friend who wrote the letter. The woman gave a Macao address at which he would be found.

## THE PUPPET INCUBATOR

RECENTLY a local Chinese newspaper published a cartoon depicting the birth-pains of the new puppet "Central Government" which has been for so long on the verge of establishment. The cartoon was in the form of a strip, the first frame of which showed an egg. In the second a dignified rooster, wearing a top hat marked "Konoye" came and brooded over it, but it refused to hatch. Then came another rooster, Hiranuma. Then a third, Abe. The final sketch showed Admiral Yonai still sitting on the same obstinate egg and, evidently having learned nothing from the failure of his predecessors, wearing the same hopeful expression.

TODAY, the egg is still unhatched but the Japanese Government has not reduced by one whit its determination that something will, after all, come out of it. For as much as doubting this, Mr. Saito was expelled from the Diet. Admiral Yonai continues his efforts strenuously, and his predecessor in the premiership, General Abe, has been sent to China to see that all things attending the appearance of the new regime are auspicious and that, this time, something really happens.

ONE MUST GRANT that, if the Japanese are nothing else, they are at least persistent. In the case of the Wang "government," this persistence, in the face of all obstacles, indicates a firm conviction that however cheap, ramshackle and obvious the fraud, it is still likely to prove useful. Under the conditions of today, the new "government" is incapable either of attracting new adherents from Chungking or of winning the recognition of Third Powers. But the Japanese, it appears, look forward to the emergence of new conditions. Like Hitler, they see prospects of aggrandisement for themselves in the exploitation of a possible desire by the stronger powers to divert the expansionism of Tokyo in the direction of the Soviet. They hope, simultaneously, for the renewal of civil war in China in which case an already established Wang Ching-wei Government can appear on the arena as a useful *deus ex machina*.

WHILE AWAITING this consummation, the invaders will erect their facade and seek to consolidate it both

## 11-POINT PEACE PLAN DISCOUNTED IN U.S.

### SOPS TO ITALY AND BRITAIN

WASHINGTON, Mar. 20 (Reuter)—Reports of the German Eleven-Point Peace Plan were discounted by Mr. Stephen Early, President Roosevelt's Private Secretary, who told reporters that no information has been transmitted to the United States Government to support the published reports of such a plan.

### EMPTY HEADLINES

On the basis of authoritative reports received by the United States Government "the peace headlines would appear to be very empty."

Mr. Early added that President Roosevelt had carefully read and analysed all the reports received.

### VIEWS OF BRITISH PRESS

LONDON, Mar. 20 (Reuter)—Commenting on the well-publicised Eleven-Point Peace Plan, the diplomatic correspondent of the Observer says that, whether true or false, they do represent the kind of peace points which could be expected from the Nazis. For propaganda purposes there is a reference to disarmament and liberty of trade. There is a sop for Italy in the clauses about Djibouti and the Canal and a sop for Britain in the clause saying that 20 years should be allowed for the solution of the colonial problem.

Beyond that, however, Germany would get everything she wants in Europe and there would be no way to right the wrongs she has inflicted on her neighbours.

### NAZI SAMPLE

Whatever the facts are behind the widely reported Eleven-Point Peace Plan, the plan may well be a sample of the sort of plan the Nazis would put forward, a mixture of generalizations, appealing to liberal world sentiment with a cynical disregard of the real objects for which this war was being fought.

## "ITALY'S MILITARY PREPARATION"

ROME, Mar. 20 (Reuter)—Signor Mussolini received Marshal Graziani, Chief of the General Staff, and discussed "certain problems concerning Italy's military preparation."

Internally and internationally. The former process will rely on the intimidation of the people of the occupied territories by Japanese bayonets, the latter on a new technique of blackmail. Already, concessions such as the long-promised opening of the Yangtze are made conditional on the "approval" of the puppets, and it is certain that all future sops to the Anglo-American Cerberus will conceal similar barbs.

AGAINST THE BACKGROUND of the magnitude of China's real awakening and the struggle of all her people against invasion, all these calculations and manoeuvres sink into their true insignificance as confessions of weakness on the part of a "conqueror" who cannot conquer with his own forces. But the fact is that they exist, they are believed in in Tokyo, and an attempt is being made to "sell" them to reactionary groups in the West. More serious than this, some of these groups, seeing China's deliverance by her own forces only as a "danger," are ready to accept Japanese propaganda at its face value, in the same way as they accepted Hitler's posturings at face value during the critical pre-war years.

WHILE WANG CHING-WEI, the laborious preparations for the foundation of his regime and the outpourings of his paid scribblers are properly treated with a mixture of amusement and scorn, the Chinese people and the leaders whom they follow from choice are by no means unaware of the real dangers which lurk behind the scenes of the puppet show at Nan-king.

## PEACE PLAN RUMOURS DENIED BY GERMANY

### TWO DECISIONS

#### RUSSO-ITALIAN UNDERSTANDING

BERLIN, Mar. 20 (Reuter)—An inspired statement, denying the peace plan rumours, declares that Germany has nothing to say on the question of peace after rejection of the Fuehrer's offer of Oct. 6, 1939, an offer made only once.

### TWO DECISIONS

A message from Amsterdam reports that a Wilhelmstrasse spokesman told neutral correspondents that people abroad still did not seem to understand that the German Government had taken two decisions.

FIRSTLY, to continue the war until complete victory was achieved.

SECONDLY, after victory to secure Germany's vital interests once and for all and to end the eternal menace of plutocratic democracies.

### RUSSIA & ITALY

Meanwhile, the Wilhelmstrasse is openly discussing the desirability for a better understanding between Russia and Italy and Reuter understands that a visit by Herr von Ribbentrop to Moscow is still possible.

### ITALY TOO SCOUTS PEACE IDEA

ROME, Mar. 20 (Reuter)—The idea of a peace offensive by Signor Mussolini is scouted by Signor Gayda, writing in the Giornale d'Italia.

He says it is grotesque for the democracies to insist on fixing on Il Duce the permanent task of intermediary. It is unthinkable that Il Duce should visit the capitals of Europe in a peace movement for which no government is yet asking.

## Mount Etna Thunders

### GRAVE ANXIETY IN SICILY

ROME, Mar. 20 (Havas)—Causing serious uneasiness, among Sicily's population, Mount Etna volcano is giving signs of activity such as has not been seen since 1892.

### SAND & PEBBLES

Underground noises, comparable to thunder, were heard yesterday, followed shortly by the eruption of sand and pebbles, which damaged several houses, notably the roof of the Seismological Observatory.

In the course of the last ten centuries, Etna was responsible for the death of at least 100,000 people. The most severe eruption occurred in 1693 taking a toll of 60,000 lives.

## JAPAN STICKS TO HER PUPPETS

TOKYO, Mar. 20 (Reuter)—Sir Robert Craigie, British Ambassador in Tokyo, had an interview with Mr. H. Arita, Japanese Foreign Minister.

The Houghi Shimbun says Sir Robert Craigie remarked that the British Government, "cannot be indifferent to the establishment of a new 'Central Regime' and its attitude. Accordingly the British Government desires to know the attitude of the Japanese Government towards Wang Ching-wei's government."

Mr. Arita replied that the Japanese Government would offer absolute support, to the establishment of the new regime and its growth and was ready to extend early recognition.

# BRITAIN'S DETERMINATION TO FIGHT UNTIL PURPOSE OF ALLIED CAUSE IS FULLY ACHIEVED

## Prime Minister Replies To Criticisms In House Of Commons War Debate

LONDON, Mar. 20 (Reuter).—Continuing his speech in the House of Commons in yesterday's war debate, Mr. Chamberlain next referred to President Roosevelt's definition of moral peace.

"It is to obtain such a peace that we have taken up arms," added Mr. Chamberlain. "We intend to fight until it has been secured."

The Prime Minister then dealt with the Scapa Flow raid which he described as "an important affair."

"If indeed it was a raid upon the fleet in Scapa Flow," he continued, "it must be classed as a failure. Not more than 20 bombs were dropped. But perhaps 'undue attention' has been given to what happened because of what is described as 'an unimpeachable communiqué' from the German High Command." (Laughter.)

"We remember their previous 'unimpeachable communiqués.' Only one warship was damaged and that damage was minor. We must always expect attacks on our fleet bases on our northern and eastern shores, but we are confident of our ability to meet them."

"There are some who would want a more vigorous policy, who say that by some unexplained imaginative stroke of daring we ought to wrest to ourselves the initiative. The time and place for us to strike must be decided upon with the most expert advice we can command."

**PREMIER REPLIES TO OPPOSITION**

After the Opposition Leaders, Mr. C. R. Attlee (Labour), Sir Archibald Sinclair (Liberal) and Mr. Hore-Belisha (Conservative) had spoken, Mr. Chamberlain, replying in the debate and after announcing the R.A.F. attack on Hornum, referred to the fear expressed by the Opposition Labourite, Mr. Hugh Dalton, that the morale of the country was not being sufficiently sustained by the Government.

The Prime Minister said: "It does not conduce to winning the war to suggest that this country is being outwitted at every turn."

He concluded: "While we had not embarked on war, I did my best to avert war. Now that I have entered the struggle, I shall be just as determined and just as persistent in achieving the purpose we have in mind as I was in trying to keep the peace before the war started." (Cheers.)

## HITLER TO TELL REICHSTAG OF BRENNER TALK

AMSTERDAM, Mar. 20 (Reuter).—Herr Hitler may summon the Reichstag in the next few days to hear the result of the Brenner meeting, it was learned from a Berlin source.

The decision probably depends on a final message from Rome, after Signor Mussolini's farewell talk with Mr. Sumner Welles.

## Finnish Resistance Should Have Been Maintained In Interests Of The Allies, Declares Mr. Hore-Belisha In Commons Debate

LONDON, Mar. 20 (Reuter).—"It was in the interests of the Allies to maintain the resistance of Finland," declared Mr. Leslie Hore-Belisha, former Secretary for War, in the course of his speech in yesterday's War Debate in the House of Commons.

Mr. Hore-Belisha asked whether in their strategy diplomacy and their total efforts the Allies were doing everything to achieve their aims.

## BOMBS DROPPED IN DENMARK

COPENHAGEN, Mar. 20 (Reuter).—According to the Esbjerg Telegram, two planes of unknown nationality flew over the Danish Peninsula, 60 miles from Sylt, and dropped bombs, but it is not known whether any damage was done.

Ten minutes later, two bombs fell near Hvide Sande. The windows of several houses were shattered.

LONDON, Mar. 20 (Reuter).—It is now believed that about 60 British aircraft participated in the raid on Sylt and that the raiding planes were Whitley heavy bombers and Wellington medium bombers.

War began with two swift strokes. Poland was annihilated and German commerce was swept from the seas. Since then Germany had been inactive on land and the Allies had applied a blockade. It was the sole offensive weapon they had employed.

Events had shown that it was indeed unfortunate that the Allies had allowed their intended initiative to be wrested from them. It was known to everybody that the need for men was urgent.

Britain and France hesitated. The enemy acted. Finland was lost. Mr. Hore-Belisha said that today the effects in Europe were everywhere apparent. There were moves towards new alignments.

## BALKAN STABILIZATION AS ITALY'S PRICE FOR SHAKING HANDS WITH MOSCOW

AND AMERICA MAY SEND ENVOY TO GERMANY

WASHINGTON, Mar. 20 (Reuter).—Official quarters persist in affirming that Mr. Sumner Welles had no hand in the Brenner Conference.

It is suggested here that Herr Hitler is seeking to use Mr. Welles' presence for his own purposes.

**PRESS VIEW**

In the press view, Herr Hitler is regarded as probably trying to bring about improved Russo-Italian relations and, it is added, Signor Mussolini will consider stabilization of the Balkans worth the price of shaking hands with Moscow.

According to the Baltimore Sun, President Roosevelt is considering the resumption of full diplomatic relations with Germany, and his choice for Ambassador in Berlin will probably be Mr. Clarence Piccott, a leading figure in Quaker relief and peace activities.

**MR. WELLES LEAVES**

ROME, Mar. 20 (Reuter).—Mr. Sumner Welles did not see Signor Mussolini yesterday. However, he lunched with Count Ciano at the Rome Golf Club and the two statesmen remained in conversation for a couple of hours after lunch. The American Ambassador was also present.

Mr. Welles was to leave for Genoa yesterday evening and will embark in the Conte di Savoia today.

## FRENCH BILL TO COMBAT NAZI PROPAGANDA

PARIS, Mar. 20 (Havas).—Members of the French Parliament who have been sentenced for anti-national activities will be deprived of their civil rights, if the Chamber concurs in the Bill passed by the French Senate today.

Prior to voting on this law, the Senate discussed at length the Communists' Hitlerite propaganda activities and the Home Minister, M. Albert Serraut, pointed out the close Soviet-German cooperation in the propaganda field. "It is by German planes that Communist pamphlets are being distributed in France," he said.

## MOSLEM SOCIETY DISTURBANCE

LAHORE, Mar. 20 (Reuter).—It was officially announced yesterday that the Police had to fire, after being attacked by a band of men from the North-West Frontier, who were trying to hold a procession in military formation in defiance of the Government ban.

**CASUALTIES**

Two police officers and 23 of the demonstrators were killed and 39 persons injured are now in hospital. The District Magistrate was one of the injured.

Military reinforcements have arrived and are patrolling the City.

## Fear Of Damage In Relations With Soviet Will Not Deter Objective Of British Policy

LONDON, Mar. 20 (Reuter).—Speaking on the Russo-Finnish war in the House of Lords yesterday Lord Halifax, Foreign Secretary, said: "Your Lordships can rest well assured that we shall not be deflected from our main objective, which is the defeat of Germany, by the fear that any particular action on our part at any time might damage our relations with the Soviet Union."

"I do not think I can define British policy more concisely at this stage than that."

## TOKYO THINKS — OR HOPES!

TOKYO, Mar. 20 (Reuter).—If the European war spreads to the Balkans, Italy is sure to discard her present neutral attitude and take sides with Germany in order to protect her access to the national resources of the Balkans. Colonel Kawakawa, Japanese Attaché in Rome during the past year, informed pressmen upon his return to Tokyo today.

## Italian Ship Sunk While Dictators Meet

AMSTERDAM, Mar. 20 (Reuter).—A Nazi aircraft sank an Italian collier, the 5,000-ton Tins Primo, which was broken in two by an explosion off the coast of England.

One of her crew died and several others are in hospital.

**DUTCH INDIGNATION**

AMSTERDAM, Mar. 20 (Reuter).—Nazi attempts to justify German methods of sea warfare are rejected by the Netherlands Liberal newspaper, Nieuwe Rotterdamse Courant.

The paper declares that on a number of points, neutrals have formed their own opinion—an opinion which differs considerably from the German standpoint. It is not only according to British reports that Dutch crews have been shot at and Dutch ships sunk, says the paper. Nearly the whole German procedure against Dutch ships has aroused indignation in Holland.

**Hitler's Sole Policy**

"BY ALL MEANS AND ALL WEAPONS"

BERLIN, Mar. 20 (Reuter).—Nazi Germany is determined to achieve a smashing victory over the Allies in the near future, announced the Wilhelmstrasse yesterday, as Herr Hitler returned from Brenner Pass.

"Victory" will take a diplomatic, rather than a military form at first, the spokesman said, and German officials indicate that, within the next few days, they expect to see Italy draw close to the Soviet Union as an immediate step towards neutralising the Balkans and immobilising any allied offensive against Germany in that area.

**"BY ALL MEANS"**

AMSTERDAM, Mar. 20 (Reuter).—All the German press yesterday concentrated on the same theme, that Herr Hitler's sole policy is to end the war victoriously "by all means and all weapons," says the Lokal Anzeiger.

The men are members of Moslem movements. They wear uniforms, carry spades and conduct military drills.

They have encouraged rival movements among the Hindus and aggravation of feeling led to a Government ban on all processions of such societies.

## OPPOSITION TRIBUTE TO FINLAND IN WAR DEBATE: ASSURANCE IS WANTED FOR ENERGETIC CONDUCT OF HOSTILITIES

LONDON, Mar. 20 (Reuter).—SPEAKING IN THE WAR DEBATE IN THE HOUSE OF COMMONS YESTERDAY, THE LEADER OF THE LABOUR PARTY, MR. C. R. ATTLEE, said that Finland's magnificent fight against aggression was in the same cause as that for which Britain was fighting.

The duty of assisting Finland, he said, was not laid only upon Britain but upon all members of the State's League. In this case Norway and Sweden, he said, had not powerful armaments.

He did not like to hear harsh judgment made against people who after all were pretty close to the front line.

The amount of aid Britain could send was conditioned by the extent to which they could act in concert with Sweden and Norway. Any infringement of their rights was quite unthinkable, he continued.

The Opposition, added Mr. Attlee, were not in a position to say that the British Government could have sent more help with safety, but he would like to be certain that what had been sent was sent in time and without unnecessary delay.

**MINERS UNEMPLOYED**

On the subject of coal he said that too many miners were unemployed for war time. The transport system was wasteful and they should make better use of railroad, canal and sea transport. He was of the opinion that a great deal more direction was wanted there.

They wanted greater utilisation of their man-power and Mr. Attlee reminded the House that there were still 1,400,000 unemployed in Britain.

**LIBERAL VIEWS**

Sir Archibald Sinclair agreed with Mr. Chamberlain in assigning the proper perspective to the recent engagement at Scapa Flow.

The question at issue was whether Europe would rattle back into barbarism and gangster governments or whether they could recreate their civilisation based on freedom, justice and the rule of the law.

**JAPANESE IDEA OF A JOKE**

TIEN-TSIN, Mar. 20 (Reuter).—"It was meant as a joke," declared Lt.-Col. Mori, Japanese military spokesman, in a supplementary interview this morning, denying the interpretation placed on his statement at yesterday's press conference to the effect that the blockade of the Tientsin Concession would be lifted "only after Japan, Italy and other foreign powers have rendered their concessions to China."

He added: "I implied that any agreement reached in Tokyo would be insufficient to lift the blockade."

**Vitality Replaced By Ovaltine**

Every moment of the day we are all using up energy. Life is a strenuous business nowadays and the demands made on our reserves of energy are tremendous. This is not a bad thing in itself, provided we make certain that the energy expended is rapidly and fully replaced.

It has been said that there are a hundred and one ways of expending energy but only one way of replacing it. This is by proper nourishment and proper sleep. Energy is derived from the food we eat; sleep is the time of repair and restoration, when strength is renewed and energy is stored up.

**ONE WAY**

There is only one way of replacing energy; there is only one best way. Ovaltine is acknowledged to be the world's best "night-cap" for soothing the nerves and inducing sound, refreshing sleep. It is not only the surest inducer of sleep, but it is also the most complete form of nourishment for rebuilding body, brain and nerves while asleep.

Those who make a practice of drinking this delicious tonic food beverage at breakfast ensure a plentiful supply of energy throughout the day; when it is also taken at bedtime the reserve of energy is renewed, giving morning freshness and all-day energy.

Ovaltine is the most economical food beverage obtainable; the small tin makes 24 cupsful of the most delicious, complete and concentrated nourishment. Try it for a week or two and note the difference.

## RATIFICATION OF PEACE PACT

MOSCOW, Mar. 20 (Reuter).—Ratifications of the Russo-Finnish Peace Pact are to be exchanged as soon as approval of the Supreme Soviet Council is obtained. M. Paasikivi, Finnish representative, is now in Moscow with the ratification of Finland.

## SOVIET OBJECTION TO DEFENSIVE ALLIANCE

MOSCOW, Mar. 20 (Reuter).—The Official Tass Agency says that it is authorised to state that reports that the Soviet Union does not object to the conclusion of the so-called defensive alliance between Finland, Sweden and Norway do not correspond with facts, since "such an alliance would be aimed against the U. S. S. R. and be a direct contradiction to the Peace Treaty with Finland."

Finland and we should thrash these things out before our cause suffers another damaging setback."

## General Chiang Entertains Educational Delegates

CHUNGKING, Mar. 20 (Central).—Delegates to the National People's Educational Conference, summoned by the Ministry of Education, were entertained at a banquet yesterday evening given by Generalissimo Chiang Kai-shek and Dr. H. H. Kung, President and Vice-President of the Executive Yuan, respectively.

More than fifty delegates from different municipalities and provinces were present. Government officials invited included Mr. Chen Li-fu, Minister of Education, Dr. T. F. Tsiang, director of the political affairs department of the Executive Yuan, and Mr. Wei Tsiang, Secretary-General of the Executive Yuan.

**GEN. CHIANG'S ADDRESS**

Addressing the delegates, Generalissimo Chiang said that the ancient Chinese educational methods emphasizing both mental enlightenment and physical training should be reviewed as a remedy for Chinese education for the past few decades which neglected physical and spiritual training.

The war which caused a general migration from the principal coastal and river towns to the interior, the Generalissimo declared, affords a good opportunity to renovate the educational programme to meet emergency demands.

**MILITANT SPIRIT**

The Generalissimo admonished that the militant spirit should be implanted in education and emphasis should be laid on moulding the character of the students so that they may become good and useful citizens.

At 4 p.m. the delegates were entertained at a tea reception given by Minister Chen Li-fu who in the course of an address reported the efforts of the Ministry of Education in the promotion of music as a form of education. A delightful musical programme concluded the reception.

## Cook with CONFIDENCE

A "Frontier" Gas Cooker, besides giving you confidence in your everyday cooking, inspires you to try those "difficult" dishes which you and the family like but which you never thought possible to make in your own kitchen. And they will be a great success—because the confidence-inspiring "Frontier" cooker is the simplest as well as the most modern of gas cookers.

The "REGULO" Oven-Heat Control is the secret of successful cooking—and the glass-smooth Porcelain surface means simplified cleaning. A fine range of Gas Cookers awaits your choice in the local gas company's showrooms.

## Pockets ARE POPULAR

You can't lose them as you can handbags, and you can add them to existing clothes at next-to-no cost.

THE SIZE OF YOUR POCKETS depends on whether you normally treat your handbag as a receptacle for essentials, or as a miniature travelling bag.

And the woman who doesn't feel dressed unless she carries batches of old correspondence tied up with blue ribbon, old and new shopping lists on odd pieces of paper, packets of sweets, three mirrors, and the dog's lead, as well as miscellaneous cosmetics and keys that don't belong to any known door, had better pass this by. Conversely, she would be much more comfortable if she discarded half these things and put the other half about her person.

Like this, for instance:

Convert your existing swaggar coat by making patch pockets of felt or suede to sew on the skirt and on the bodice. Buy the material to match or contrast with the coat. You can get felt squares for 3d. each in most colours big enough for your purpose, and the suede, rather dearer, by the yard. Trim these carefully to the size you want, and sew them to the coat with thick thread or wool with large stitches.

For the breast pockets, you get two out of one piece of felt. Trim them with buttons to match the coat.

If you feel your hand-stitching isn't strong enough to hold all your cosmetics, machine stitch first, and then hand-stitch.

Plain Colours:

For a plain colour or black dressy coat you can have pockets of fur or fur fabric. Interline these with domette and, then either line them with the same silk as the lining of your coat or with some bright, more substantial fabric.

A three-quarter length or short coat can have pockets sewn right round the fronts from the edges of the facing to the side seams, like the knitting aprons mother used to make. They should be about six or seven inches deep, according to the length of the coat, and stitched down at appropriate points to make sections.

Sequins:

Sequined pockets can be sewn on evening dresses and embroidered ones on day dresses, and patch ones look nicest in a bright contrasting colour. A collar and pocket to match is a good notion.

### THAT CRUSHED DANCE FROCK

WHEN a light summer or dance frock is crushed or crumpled, slip it on a hanger and shake it over the steam from a large saucepan of boiling water, or hang it in the bath-room while you are having a hot bath.

### BABY PERSIAN LAMB

Persian baby lamb returns to favor for winter in Judy Garland's wardrobe. Smartly tailored shoulders are squared and the coat is fitted to the waist with skirt flared. Pockets are inset. A dash of color is added in the red felt lapels; buttons are of chased silver.

## Shopping Sense

- Invest in pastel colours only when you're sure the material is washable. (You'll save many cleaners' bills this way.)
- Don't buy an unusual colour for a frock or coat that's got to be the basis of your wardrobe; because accessories will have to be dyed to match, an expensive proposition, and you'll have difficulty in matching up.
- Don't fritter away the dollars on a selection of buttonholes, jabots, and white collars. They'll certainly give a new look to an old outfit, but remember—they'll probably wilt under the strain of only a few days' wear. Instead, buy jewellery that wears for ever—a Victorian brooch, a barbaric bracelet, or necklace; or a set of unusual-shaped buttons.
- Inexpensive suede goes greasy and bald with very little wear, so resolve not to be tempted by cheap bags and gloves. (Soft calf, incidentally, is a good alternative, as it wears very well, always looks good.)
- Careful how you choose a new skirt. Loose weaves and tight fits soon get a "seamy" look. For more freedom of movement and longevity better have one with pleats—unless you are a cycling enthusiast, in which case a flared skirt will last you better.
- Beware when buying stockings that they are not so sub-standard that they'll ladder the first time you wear them. Make sure that they are the right

## Feminine Styles Prevail In Paris Fashion Survey

A SURVEY of Paris dressmaking trends today showed strictly feminine modes prevailing on all fashion fronts, despite gains made in military styles.

### Summer Styles

New summer collections revive ankle-length waists frocks, some with rose-trimmed bodices. Garden embroidered organdies express feminine chic beneath flower-trimmed hats of lace or straw.

Long-skirted evening suits appear in black wools or blue satins with fitted or tube-shaped jackets with rhinestone buttons, gold mesh pockets, or flower-embroidered revers.

### Changing Waistlines

Important silhouette changes include lowered waistlines, although higher waistlines are hinted in some day and evening coats. Bloused treatments at the waist are repeated for evening, especially for contrasting bodices.

With few exceptions, the day silhouette is widely flared from the hip down, with waists tight; the shoulders natural or slightly broad; the skirts short. The shortest skirts come to the middle of the kneecap; the longest, about 15 inches from the ground.

Suavely-fitted, princess coats in silks or wools play up feminine curves. Other coats are shoulder-swung or hang straight and loose for summer lines. Suits have tight-fitted jackets, or are in loose box styles, the latter sometimes made reversible when silk lined.

### Important Pockets

Great importance is given throughout to pockets. Print pockets appear on plain coats worn with print dresses.

Principal day materials are tweeds, rep, basket weaves, flannel, jersey, shantung, surah, the silks, printed satins and crepes, checks, plaids and stripes in wools and silks. Evening materials are satin, taffeta, chiffon, tulle, lace, faille, moire, silks, jersey, dull crepes, printed cottons and silks, checked and plaid silks.

## Knitting Points FOR SOCK MAKERS

IF YOU ARE KNITTING SOCKS FOR OUR TROOPS AT THE FRONT, remember that the main fault in knitted socks lies in the narrowness of the top of the welt. When stretched this should measure 14 inches round and 7 inches across, allowing plenty of stretch for a good-sized leg.

To ensure pleasing results the following hints should prove helpful to women knitting socks for soldiers.

### Knitting the Welt

Welt or ribbing: Cast on very loosely 48 to 52 stitches of "Zinnia" or equivalent weight of wool, or 52 to 56 stitches with the "Gold Label" or equivalent weight of wool, knit one round (loosely) plain, then work in rib of 2 plain, 2 purl for 4 inches.

### Grafting the Toe

Break off wool, leaving about 18 inches, thread darning needle. Bring wool from back.

Knit the front stitch and take it off. Purl the front and leave it on. Purl the back and take it off. Plain the back and leave it on. Purl the front and leave it on. Purl the back and take it off. Plain the back and leave it on.

Continue till all the stitches are woven off. Run wool neatly down side of the toe; be very careful! NOT to graft too tightly.

### Measurements

When the sock is completed, press gently under a damp cloth, omitting the welt, and the sock should measure—from under heel to top of welt—14 inches. From back of heel to tip of toe 10, 11, or 11½ inches. Welt should measure, when stretched to capacity, 14 inches round and 7 inches across.

length for your leg and that they fit well round the ankle.

Buy lingerie that will wear for years; that means, look for good material and plain finish rather than lots of lace and poor material. If you're choosing satin, test it by gripping it tightly in your hand. If it's pure silk it won't crush.

## SPRING MEANS BLACK

Joan Crawford wears a sheer wool crepe in black with gold jewel highlights. The dress is one-piece with an all-over fullness effect. This is achieved in the sleeves by an almost dolman cut with the wide shoulders faintly gathered at the round neck. Belted in black kid, the skirt is a series of unpressed pleats. A twin set of jewels in twisted gold with jewel insets decorate the slit neckline of the dress. Miss Crawford completes her ensemble with a large muff of silver fox with traps' hat to match and as herald of Spring wears banded sandals in patent leather with open toes and heels.

## SPRING CLEANING IN THE KITCHEN

If there is one room in the house which generally looks as if it needs cleaning more than any other, it is the kitchen.

In spite of its daily dusting, and sweeping, and its weekly turn-out, walls and cupboard doors in the kitchen are bound to become a little dull and greasy, and the ceiling will look grimy.

### \*THE GRATE\*

The kitchen grate will be sure to need the attention of the sweep, and probably the stove will be obviously in want of a special overhauling, while as for the cupboards and drawers—well, even in the best-regulated household they are never tidy enough to please the particular housewife.

China and glass, not in use every day, is bound to want washing. It pays to have the ceilings in kitchens and sculleries whitewashed frequently, and the walls given a fresh coat of washable paint or distemper.

### \*THE WALLS\*

Choose a bright, clear shade for the walls, and have washable curtains in gaily checked gingham or pretty patterned cretonne to tone or, if you prefer, the newer pliskin' curtains, which are not harmed by steam.

It is a good plan to turn out all broken utensils, and dishes for which you know you will have no further use. If you are buying new equipment, resolve to be thoroughly up-to-date, and buy cheerful, coloured basins, jugs and canisters for groceries, aluminium pans and glass and earthenware casseroles.

### \*GON GAY\*

Even dust-pans and broom handles have "gone gay" nowadays, and it makes for a brighter atmosphere in the home to have a simple colour scheme in the kitchen.

Examine all jam and preserved fruit for mildew, and replace soiled covers. Re-line the shelves of the store cupboard with white American cloth, and the drawers, with clean lining paper.

### \*COOKERY BOOKS\*

If your cookery books are tattered with long usage, re-cover them with lined or strong brown paper, and mend torn pages with transparent music paper.

An index file of favourite recipes is a most useful kitchen possession. Keep your tradesmen's books in a place where other members of the family know where to find them besides yourself, and have a special spot for receipted bills.

## Round The Shops

WHEN THE PRESENT DULL weather breaks again, and warmth and sunshine take its place, clothes and accessories for outdoor wear—sports, afternoon parties and gay nights—will again occupy the thoughts of Hongkong's women folk.

After all, smartly dressed at all times and suitably dressed for all occasions must be the keynote of millady's ambitions, and with the assistance one gets from the fashion houses in the city, this should not prove difficult.

### For Informality:

For informal and sports wear, Lane, Crawford's are displaying a really choice and pleasing range of lightweight woollen coats. Smartly cut in the very latest of styles, they can be obtained in a wide range of colours and designs. The camel hair and wool mixtures are particularly stylish and neat, as are also the wool and llama models, while for those who have a penchant for colours, a visit to Lane, Crawford's Ladies' Salon will reveal an attractive selection as anyone could desire. Nasty blues, dusty pinks, naturelles and mustard shades in beautifully soft materials—so lovely to look at and so chic to possess.

### For All Occasions:

The fashion house for all occasions Mayo's, in the Arcade, Morning, afternoon, party and evening attire are what they cater for and satisfaction is their slogan. This week they are making a grand display of the most charming selections in evening dresses in silks, taffetas and crepe silks. Delicately and refreshingly modelled, they are exquisitely inviting in style and cut and bear the stamp of quality. Callers at Mayo's will also find it worth their while to inspect their showing of new summer straws—again, hats for all occasions—so daintily fashioned and at prices that defy competition.

### For Social Events:

Rivelle, in the Arcade, has a special display in the most perfectly turned out flower toques for weddings and social events. Rivelle has obtained these fashionable models in the most attractive blends of colour which will suit any taste and fancy. Then, of course, Rivelle has a proud selection of summer wear in silk prints—all so pleasantly cool looking that they cannot help but attract attention and favourable comment. Turning to evening dresses, Rivelle's silk organza and crepe models, exuding the height of fashion, have to be seen to make one realize what perfection in design and finish means. Rivelle offers them in an amazingly wide selection, for she never has still disappointed a customer. With a brand new display of summer hats to tempt her callers, Rivelle should have a busy time.

attention they received from the Studio executives and their complete satisfaction of the work done.

## In The LAUNDRY

MANY faded materials will revive wonderfully if a little vinegar is placed in the rinsing water. This is especially good for colours that have faded through being washed with strong soaps and powders.

If applied at once, powdered starch will take out many kinds of fruit stains on linen. It must be left on the stained part for a few hours, so that all discoloration is absorbed by the starch.

THE washing of handkerchiefs is made much easier if overnight they are placed in a bucket of warm water to which a little salt and soap powder have been added.

TO remove iodine stain from linen, wet the stain with a few drops of water and well rub in some bicarbonate of soda. Repeat on the other side of the linen.

## TRY THESE COOL SWEETS ON WARM DAYS

### Orange Curd

The rind and juice of 2 oranges, the juice of half a lemon, 2oz butter, 8oz sugar, 4 eggs.

Rub off the rind from the oranges with lumps of sugar, squeeze and strain the juice from the oranges and lemon. Beat up the eggs. Melt the butter in a pan and add all the other ingredients.

Stir over a low heat till the mixture thickens and is near boiling point. Put into small jars and seal.

This makes a delicious filling for cakes, sandwiches and tarts, or it may be eaten instead of jam.

### Lemon Jelly Sponge

Let 1oz gelatine stand in 1½ pints water until it is dissolved. Then boil 10 minutes with the thin rind and juice of 2 lemons and ½lb loaf sugar.

Remove rinds and pour the rest into a large basin. When nearly set stir in 2 stiffly beaten whites of eggs and whisk all together till stiff and frothy. Place in moulds on a glass dish.

### Orange and Banana Sponge Jelly

Required: 1 pint packet lemon jelly, 3 bananas, 3 oranges, 1 lemon, 6 small sponge cakes.

FRUIT used as the foundation for sweets gives a delicious tang to a nutritious dessert.

Below are some interesting recipes introducing oranges, lemons and bananas as important ingredients.

Place sponge cakes in bottom of a glass dish. Cut lemon, squeeze out juice and sprinkle the peeled bananas with it, pouring remainder on sponge cakes.

Dissolve jelly as directed, pour sufficient on sponge cakes to cover them and leave to set. Arrange bananas and sections of orange on the jelled sponge, cover with jelly and leave it to set.

### Banana Souffle

Take 4 ripe bananas and mash well with a fork. Put in a pan a tablespoonful flour, 1½ tablespoonfuls castor sugar, dilute with hot milk, bring to the boil slowly and cook a little more, stirring all the time.

When it has thickened add the mashed bananas, the yolks of 2

eggs and the whites whipped to a stiff froth and a little lemon juice. Pour into a buttered fire-proof dish and cook about eight to 10 minutes in a fairly hot oven.

When three-parts cooked, sprinkle sugar all over. The souffle should be golden brown when finished. Serve at once in same dish.

### Orange Tapioca

Ingredients: 1 teaspoonful fine tapioca, 2 oranges, 1 pint water, some custard, 4 tablespoonfuls castor sugar, 2 eggs.

Put the tapioca into a saucepan with the water and boil until a transparent mixture is formed, then add 3 tablespoonfuls of the castor sugar and the grated rind of the oranges. Beat together the yolks of the eggs with the rest of the castor sugar, then add the strained juice and the pulp of the two oranges.

Add this preparation to the cooked tapioca and stir over the fire until thickened; then add the stiffly whipped whites of the eggs and stir for three minutes longer. Pour the whole into a wetted mould and leave until cold. When set, turn out on a dish and serve with custard.

After ruling steady, the market improved on small orders meeting with scarcity of sellers.

NEW YORK COTTON: Liverpool and Bombay sold, after which the progress of the Farm legislation caused a substantial recovery. Recent selling on recurring peace rumours has apparently strengthened the market technically. We continue to expect May contracts above 11 cents by middle of April.

NEW YORK RUBBER: The strength of the market is attributed to reports of heavy covering by large importers.

CHICAGO WHEAT: The market strengthened under the influence of higher foreign cables, the strength of the cash markets, dry weather in the South-West and less apprehension of peace rumours.

NEW YORK STOCKS: Previous close, 145.59; Today close, 146.43; Change, up 84.
